

Title	EOL for the ISIS MOBLIN LINUX Distribution
Affected Products	ISIS and ISIS ICE
PCN #	PCN11002
Date	June 28, 2011

Summary

The MOBLIN LINUX distribution used on ISIS and ISIS ICE products has been discontinued.

Impact

Moblin Linux on ISIS and ISIS ICE products has been discontinued (End of Life). Eurotech will not be developing Moblin Linux any further, and does not guarantee its compatibility with versions of the ISIS board after V1i3.

As a migration path, Eurotech is moving the distribution to Wind River Linux on the ISIS and ISIS ICE products. Wind River Linux will be the embedded Linux platform on all of Eurotech's x86 CPU-based products including those based on the Intel Atom processor series.

Under the terms of our last time buy program, Eurotech will accept last time buy orders up to September 1, 2011.

For more information about the ISIS and ISIS ICE products, go to the www.eurotech.com website.

Eurotech Products Affected

Affected products are summarized in the table. Additional part numbers specific to your product might exist and should be discussed with your Eurotech RSM.

Part Number	Description
7000-53739-00x-00x	ISIS board with Linux preinstalled
7000-53739-10x-10x	ISIS development kit with Linux
7001-53739-50x-10x	ISIS ICE with Linux
Unique	Custom products based on the ISIS with Linux

Effective Date

This product change notice is effective immediately.

Recommended Action

You can choose to migrate to the new Wind River Linux version or make a last time buy. You may also continue to use the Moblin Linux distribution yourself, without support from Eurotech.
