PN Number 124 Revision 1

TITAN V111 END OF LIFE NOTIFICATION

Issue Date:	27th July 2012	Circulation:	General
Board Version:	1	Board Issue:	1
ECO Reference:	NA	MODBOX:	NA

Notice:

Summary

Our records show that you have purchased one of the variants of TITAN V111 or a system which includes this product. It is Eurotech's policy to inform customers of any planned End-Of-Life (EOL) process prior to final production to allow time to order sufficient product to maintain your long-term production requirements or to allow for a managed product migration to a new product. This PN serves as notification of the planned End-of-Life (EOL) of this standard product and all custom derivatives.

Products Affected

657x-00703-xxx-101 – All TITAN V111 board variants.

Reason for EOL

Several components used on the TITAN V111 board have been discontinued by their respective manufacturers with no alternative offering that meets the existing component form, fit or function.

Important Dates

Last order date – 31st August 2012
Last shipment date – 14th December 2012

These dates are provided in order to allow you to plan any migration effort you may need to move to the new TITAN V211.

Product Migration

A new TITAN V211 board is available for customers requiring product migration. Please refer to product notice PN106 for details of the changes between TITAN V111 and V211.

- 6570-00703-001-201 – TITAN-M64-F32-HUSB-R6 V2I1
- 6570-00703-002-201 – TITAN-M64-F32-I-HUSB-R6 V2I1
- 6570-00703-003-201 – TITAN-LITE-M64-F16-HUSB-R6 V2I1
- 6570-00703-004-201 – TITAN-LITE-M64-F16-I-HUSB-R6 V2I1
- 6571-00703-004-201 – TITAN-LITE-M128-F64-I-HUSB-R6 V2I1

If you would like to discuss product migration please contact your local Eurotech Sales office who will be able to offer advice.
